The Aims of

Albany Regional Family History Society

Are to promote and encourage participation in genealogy and family history.

We give support in family history and genealogy research and record keeping.

We continue to develop and conduct a genealogy and family history library, hold committee and general meetings and social and promotional activities for the benefit of members and other interested people.

We are affiliated with the West Australian Genealogical Society and co-operate with groups beneficial to the development of family history and genealogy

Our meetings are bi monthly 10.30am on the fourth Saturday of the month followed by research support (except December and January)

Alternate months include visits to places of interest, workshops on related family and genealogical research interests
